

Aflac Dental Insurance dental accident injury benefit

Aflac Dental Insurance includes many competitive options to add more value – and more reasons to smile.

The dental accident injury benefit is one of the most unique benefits offered in our dental coverage, unmatched by any other dental carrier. It provides 100% coverage for dental injuries, up to the annual maximum, which helps eliminate or reduce out-of-pocket expenses.

How does it work?

The dental accident injury benefit is for treatment services received as the result of an accident or injury to a sound, natural tooth. There is no:

- Co-insurance.
- Deductible.
- Waiting period.
- Requirement for preauthorizations or preapprovals.

Example

A child has a playground accident and knocks out her tooth. She is rushed to a dental provider for immediate care. Aflac Dental Insurance will cover the treatment expenses at 100%, up to the plan's annual maximum.

Aflac Dental Insurance offers flexible, comprehensive coverage and competitive rates:

- More than 400,000 access points for treatment, including 89,000+ unique providers, in the U.S.¹
- 35% growth in number of network providers in 2021.¹
- Custom plan designs for accounts with 100 or more eligible employees, including competitor plan match for takeovers.
- Available as employer-paid, employer/employee contribution or employee-paid.

Talk with your Aflac representative to learn more about the accident injury benefit and all the ways our dental insurance gives you a reason to smile.
